

BFC CREM Committee
Sep. 21, 2023, by Zoom

MINUTES

Attending: Alex Tanford, Sena Durguner, Judah Cohen, David Taylor

1. Reviewed where we ended last semester.
2. Agreed on overall concept of condensing CREM policy so that the standing CREM committee would take the lead, expanding as needed with members from affected constituencies, to replace current multi-committee structure.
3. Discussed whether there should be an appeal process if faculty want a reorganization, but Provost does not. No clear consensus.
3. Tanford will prepare revised version based on that discussion, circulate, for vote and discussion at our next meeting.
4. Aiming to bring matter to BFC for discussion at November meeting.

Alex Tanford, chair
