

## BFC: Libraries Committee Minutes

15 November

Attendance: Alexis Peirce Caudell (co-chair), SP Srinivas, Samantha Eads, Maria Montenegro, Alex Lichtenstein, Roman Ivanovitch, David Taylor, Diane Dallis-Comentale

- Introductions
- October minutes approved
- Committee Role and Library Services Discussion
  - General observations shared about both what works for faculty, and where there are challenges. Some of these challenges, e.g. parking, are beyond the committee's or the libraries' control. Like all units, the library is constrained by its budget.
  - Potential ways committee could support the work of the library: feedback on digital services, super-user faculty fellowship administration, advocacy, and peer education.
  - Diane will arrange for someone from the library to speak at the next committee meeting about the data that the library collects and uses to guide decision making.
  
- Next Meeting: December 6
- Committee Tasks: please respond to spring meeting schedule poll when it is sent out
- Meeting adjourned
